Re: Marketing and Use of the Chicago White Sox Spring Training Facilities and Fields

As we discussed when we received The Baseline Group proposal, do Stadium District staff have any thoughts on the use of the Chicago White Sox Spring Training facilities and fields beginning in February of this year when the fields will be vacant and un-used for what would appear to be the balance of the year? Please provide me with your thoughts and plans for the use of these fields, with a mechanism to report community use of the fields and how we recover our costs associated with this community use, as well as whether or not the use provides any economic benefit to the overall community, i.e. tournaments with players from other communities.
