

KEELING COMMUNITY GARDEN

Are you ready to grow your own organic food? Join us in preparing our large gardening site, scheduled to open Fall 2009.

Garden plots are 3'x20' and available first-come-first-serve, Keeling residents and those who help set up are first to pick. \$12 per month (covers water) paid 6 months in advance. Enjoy plenty of exercise growing your favorite foods and the camaraderie of fellow gardeners.

Community Gardens of Tucson is an all volunteer, not-for-profit organization. For more information ~ Gene Zonge, zonge@aol.com
