## Pima County Bond Advisory Committee (1997-present)

*The Pima County Bond Advisory Committee is tasked with overseeing implementation of all of the Pima County voter-approved bond programs, in addition to making recommendations on which projects to include in future bond elections. The support of this Committee made possible the expansion of our mountain parks and conservation areas highlighted in this report.*

# Acknowledgements

*This report, and the acquisition of the great places highlighted in it, would not have been possible without the hard work and expertise provided by the individuals listed below. Descriptions of our partner agencies and organizations are included inside the report. In addition, we'd like to especially thank the voters of Pima County who, since 1974, have continued to support their tax dollars going towards these efforts.*
