

MEMORANDUM

DRAFT

Date: May 14, 2001

To: The Honorable Chair and Members
Pima County Board of Supervisors

From: C.H. Huckelberry
County Administrator

Re: Applications for the Sonoran Desert Conservation and Comprehensive Land Use Panels

Background

On April 17, 2001 the Board approved the public participation concepts outlined in the Workplan and Public Participation Program for the Comprehensive Plan. The same workplan has also been approved by the Planning and Zoning Commission. Six planning subregions in Eastern Pima County were approved. A Land Panel for community representatives was established for each subregion. The subregions correspond generally with the watershed planning units in the Sonoran Desert Conservation Plan. Following the Board's direction, staff placed applications in the newspaper to solicit Land Panel membership, and applications were mailed directly to Steering Committee members for the Sonoran Desert Conservation Plan. To date, 177 applications have been received from individuals who would like to be members of the subregion Land Panels. This memorandum summarizes the applications, which are compiled in the attachments, and suggests an alternative for selecting Land Panel members.

Summary of Applicants

Of the 177 applicants for Land Panel membership, 37 are members of the Steering Committee for the Sonoran Desert Conservation, and 30 of the 37 members have attended more than half of the first twelve Steering Committee meetings.

#	Subregion	Number of Applicants	Number on SDCP SC	SC, Attended more 50%
1	Catalina Foothills Subregion	29	2	0
2	Northwest Subregion	51	11	10
3	Tucson Mountains and Avra Valley Subregion	29	4	4
4	Southwest / Altar Valley Subregion	12	2	2
5	Upper Santa Cruz Subregion	16	5	5
6	Rincon / Southeast Subregion	32	10	7
7	Individuals who did not specify a subregion	8	3	2
	TOTAL	177	37	30

Alternative for the Structure of Committees and Selection of Panel Members

Two groups of individuals have been appointed by the Board to advise in conservation and comprehensive planning matters: the Steering Committee for the Sonoran Desert Conservation Plan, and the Planning and Zoning Commission. An alternative for structuring the Land Panels within the context of these existing groups could involve the following:

- (1) Select the 30 Steering Committee member applicants for the Land Panels: In order to ensure consistency in planning efforts and to pay respect to the Steering Committee members for the Sonoran Desert Conservation Plan who attended the majority of Steering Committee meetings since they began in May of 1999, a selection method might be adopted which would lead to the acceptance of the 30 members of the Steering Committee who have attended the majority of the educational sessions held in 1999 and 2000, and have now applied for Land Panel membership (Attachment 2).
- (2) Select additional individuals for the Land Panels: To ensure diversity and balance in the Land Panel membership, the Board might make recommendations from the pool of new applicants or interested members of the public. To reach a panel size of 15 members, another 60 individuals from Eastern Pima County -- 12 recommendations per Board Member -- would have to be selected in addition to the 30 applicants who are Conservation Plan Steering Committee members.
- (3) Define the role of the land panels as advisory to the Board's two existing appointed committees: the Steering Committee for the Sonoran Desert Conservation Plan, and the Planning and Zoning Commission. This reporting structure is streamlined while it brings in new members of the public to our process, and it ensures both the integration of knowledge across planning efforts, and the full development of both the conservation and comprehensive plan.
- (4) Consensus: Request consensus recommendations from the Planning and Zoning Commission on the Comprehensive Plan, and request consensus recommendations from the Sonoran Desert Conservation Plan Steering Committee for the multi-species conservation plan that is submitted to the United States Fish and Wildlife Service as the community's preferred alternative. Land Panels, too, should strive for consensus.

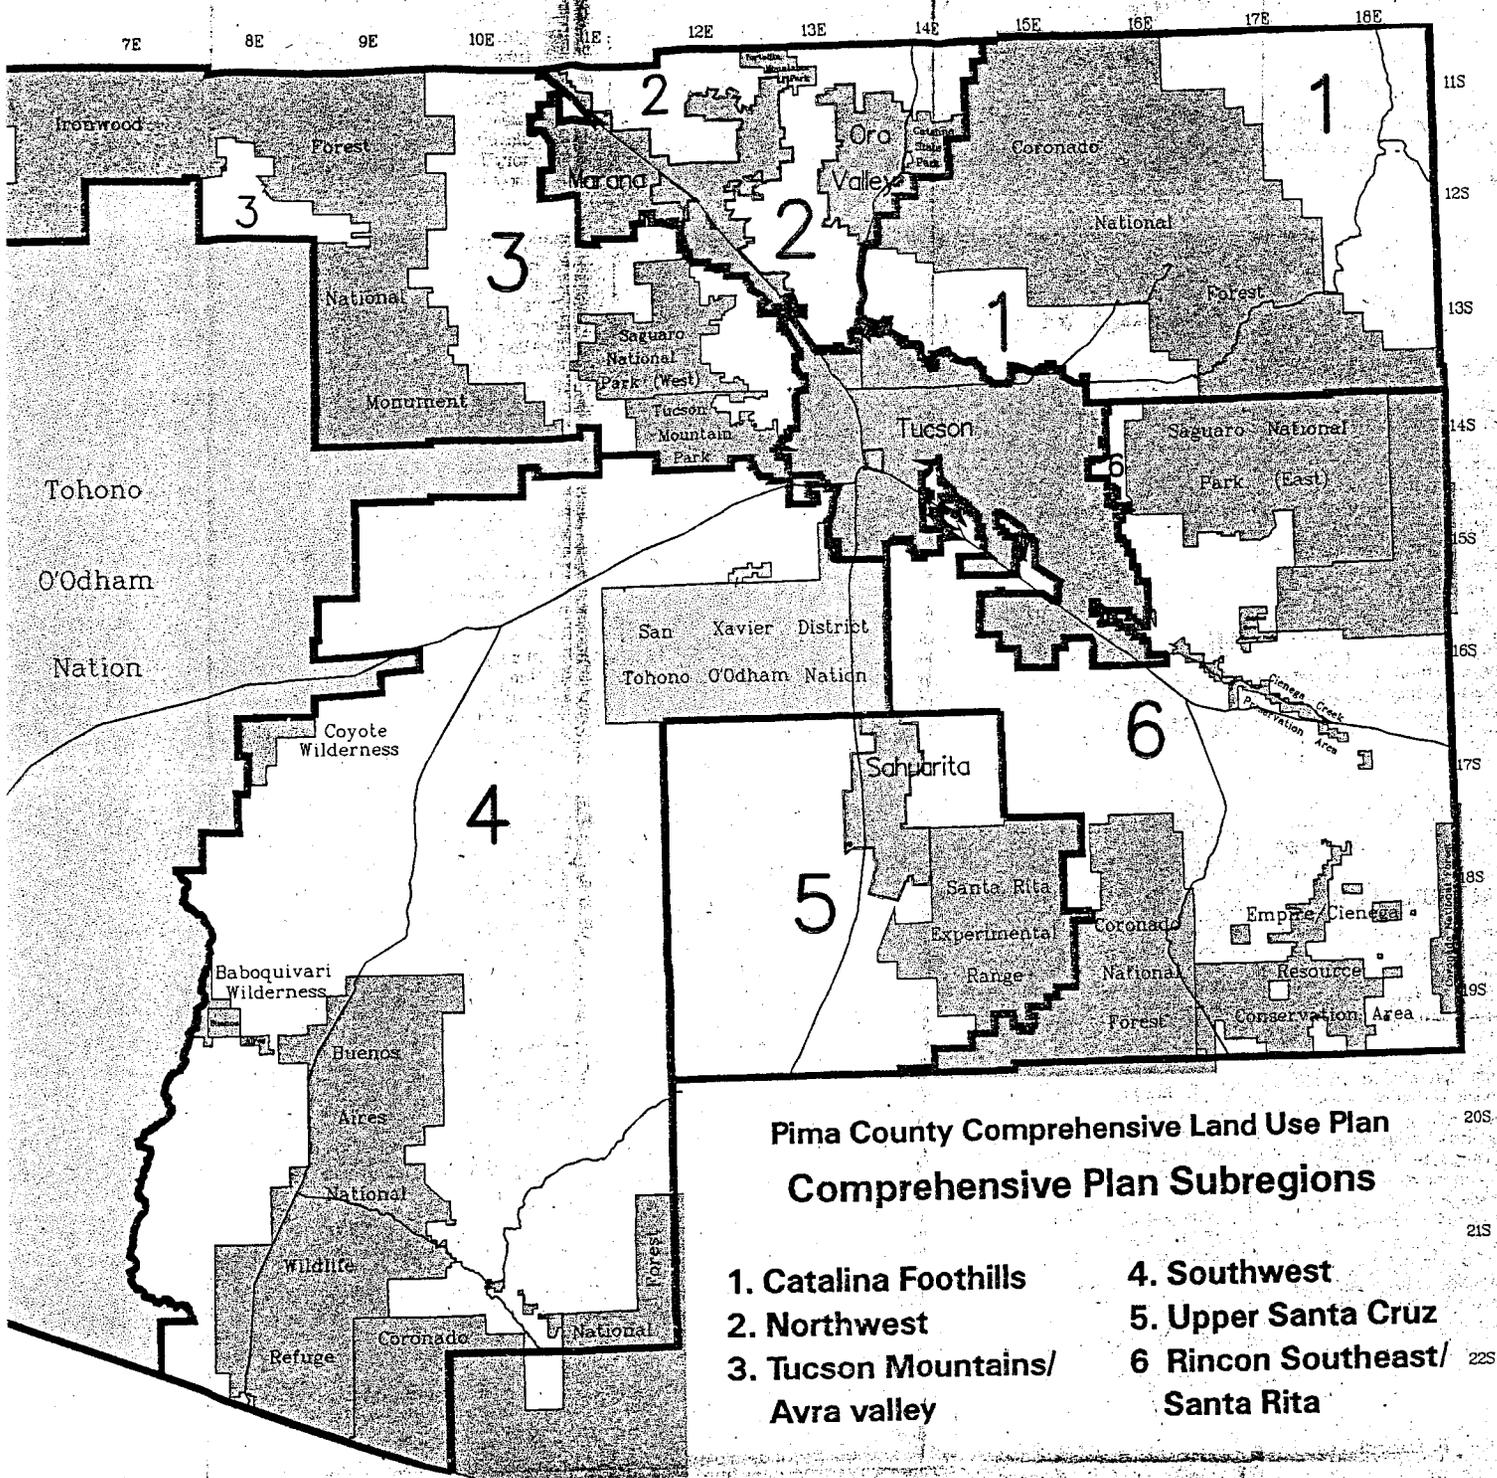

Conclusion

On May 14, 2001, proposals for services from facilitators to conduct the land panel meetings are due in to the Procurement Department. Steering Committee and Technical Team members for the Sonoran Desert Conservation Plan have agreed to review proposals and forward a recommendation that I will place before the Board on May 22, 2001. I will also place before the Board an item that makes recommendations for selecting Land Panel membership, and establishing the structure of reporting among the committees on that date.

c/o Sonoran Desert Conservation and Comprehensive Land Use Plan
130 West Congress, 10th Floor
Tucson, Arizona 85701

Subject: Application Form

I would like to be considered as a member of the land use panel for Catalina Foothills Planning Sub-region, where I live. I understand the commitment is to attend a series of at least four meetings during the time my sub-region plan is being updated.

Name: Charles W. (Charlie) Bachman
Address: 7480 N. Calle Sin Desengano
Tucson, Arizona 85718
Telephone: (520) 297-9866 FAX: (520) 297-9866
E-mail: Charlie@Bachman.com

Nearest Major Cross Street: Campbell and Skyline

My Qualifications/Interests that I believe will be a productive contribution to the panel are:

I served on the Paradise Valley Planning Commission and the Maricopa County Flood Control Commission in the 1960's and the Midland, Michigan Planning Commission in the 1950s.

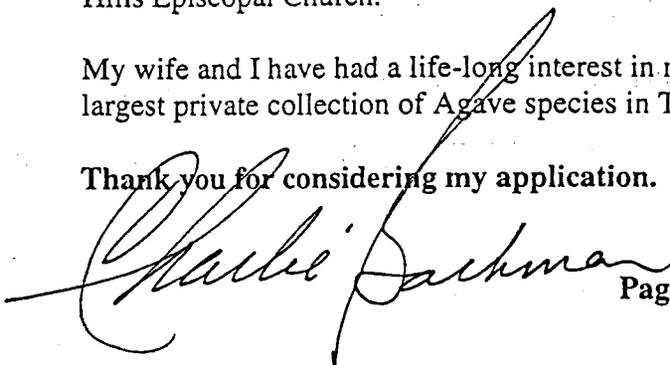

I am an engineer by training (BS and MS degrees). I have had engineering and business experience with Dow Chemical, General Electric, and Honeywell. I designed, built and put into production the first database management system while working for GE. I founded and grew a database design software company to a top level of 380 employees, worldwide.

My wife and I returned to Arizona after cutting back my time with Bachman Information Systems, Inc. in 1996.

I am retired, and in good health. I am currently the president of the Sin Vacas Property Owners Association. I am on the Vestry and Chairman of the Budget Committee of St. Philip's in the Hills Episcopal Church.

My wife and I have had a life-long interest in nature and conservation. I believe that we have the largest private collection of Agave species in Tucson. I am a docent at the Tohono Chul Park.

Thank you for considering my application.

E-mail: chalfant@holualoa.com

Nearest Major Cross Street: Craycroft

My Qualifications/interests that I believe will be a productive contribution to the panel are:

Qualifications:

I have over twenty years of land planning experience in commercial, residential and industrial development, nearly six of which were gained during my residency in the Catalina Foothills area. Notwithstanding my development background I support environmental conservation and am sensitive to preserving Tucson's natural desert landscape. Given that Tucson's population will certainly continue to expand, I believe that the delicate balance between accommodating this growth and preserving our environment can best be accomplished through responsible regional planning. I have been an active advocate of these views during my tenure as Chairman of the State Government Committee for the Tucson Chamber of Commerce and during my work on the GTEC legislative agenda for the past three years.

PLANNING SUB-REGIONS LAND USE PANEL
APPLICATION FORM

I would like to be considered as a member of the land use panel for Catalina Foothills Planning Sub-region where I live. I understand the commitment is to attend a series of at least four meetings during the time my sub-region plan is being updated.

Name: __Lainie Levick

Address: __12120 E. Snyder Road, Tucson, AZ 85749

Telephone: _760-2494_____ (home) Fax: _____none_____

Email: lrl6454@earthlink.net

Nearest Major Cross Street: ___Soldier Trail or Catalina Highway

My Qualifications/interests that I believe will be a productive contribution to the panel are:

I have been actively involved in local issues since 1986, including the Pima County Comprehensive Plan in the late 1980's. I have been a homeowner in Pima County since 1986. I have been an officer of the local Sierra Club for most of the last ten years, giving me experience in urban and public lands issues, working with volunteers, and interacting with various interest groups. I am familiar with the Sonoran Desert Conservation Plan, the Endangered Species Act, and other land use/land management laws. I am currently employed as a hydrologist and GIS specialist, and have a background in Geology. My interests include protection of our environment, management for sustainable use, and quality of life for all inhabitants of Pima County.

Nearest Major Cross Street: Tanque Verde and Soldier Trail

My Qualifications/interests that I believe will be a productive contribution to the panel are:

I recently retired from working over 22 years with Hughes Aircraft Company / Raytheon as an Aerospace Engineer and Program Manager. My wife and I live in a designated riparian area on 7 acres of land next to the Agua Caliente Park. The Agua Caliente Wash runs through our property. We have two horses with a foal expected on the 2nd of May, a week from today.

We have lived here since 1994 and love the open spaces and beautiful views of the Santa Catalina and Rincon Mountains. The "country-feeling" effect of the area in which we live is one of the reasons we chose to live on this northeast side of Tucson. It still retains the open characteristics that are being lost in so many other surrounding parts of our city. I support managed development that will retain those characteristics in the years ahead.

Several years ago I started the non-profit Ranch America Historical Foundation whose aim is to preserve our rich Western American Heritage that I believe is one of the true gifts we, as a country, have given the world. Our vision is to develop a place where we can re-create this heritage for the world to see. In addition to where I live and my love of this land, it is this kind of vision that I believe qualifies me for being a member on your Planning Sub-Region Land Use Panel.

Jon W. Rodgers

Pima county Board of supervisors:

I am very interested in serving as a member of a Planning Sub-region Land Use Panel for the 2001 Pima County Comprehensive Plan. I have lived in this Northwest area for over 10 years. I am very interested in the Ironwood Forest National Monument area. I have researched this area quite extensively with reference to water studies. I have enclosed my resume, showing my qualifications in joining your planning panel and hope that I may be selected to assist you in your future goals to plan ahead for alternatives for the conservation and development reserves in your planning process. I have an Environmental Consultant Company and represent many companies in the Pima County areas and bordering companies on the Pinal County line.

Please contact me if you have any further questions.

PIMA COUNTY COMPREHENSIVE PLAN UPDATE, 2001

PLANNING SUB-REGIONS LAND USE PANEL

APPLICATION FORM

I would like to be considered as a member of the land use panel for Oro Valley Planning Sub-region where I live.

I understand the commitment is to attend a series of at least four meetings during the time my sub-region plan is being updated.

Name: Ray Goellner
Address: 11345 Via Rancho Naranjo
Oro Valley Arizona 85737
Telephone: 721-5175 (Day time) Fax: 721-5141
E-mail: raymond.goellner@triadhospitals.com

Nearest Major Cross Street: Naranja

My Qualifications/interests that I believe will be a productive contribution to the panel are:
I moved to Arizona 5 months ago from New York where I served
for 10 years on my town planning commission, and 2 years on
my county planning commission. We are fortunate to live in an
area that abounds in natural beauty that is threatened by
continued growth. The issues need to be resolved at the county
level to balance the pressures of continuing growth and
preservation.

Pima County Administrator's Office
c/o Sonoran Desert Conservation and
Comprehensive Land Use Plan
130 West Congress, 10 Floor
Tucson, Arizona 85701

Gentlemen:

Inclosed is my application to serve on a Planning Sub-region Land use Panel for Area 3, Tucson Mountain and Avra Valley.

I have just finished building a custom home within walking distance of the Saguaro National Park, West and Tucson Mountain Park and have an interest in maintaining the open space and natural beauty of the area. Prior to retiring, I worked in the Public Sector in California for many years where balancing the needs of the environment and infrastructure expansion were a constant issue. I, therefore, feel I could bring balance to this Panel.

PIMA COUNTY COMPREHENSIVE PLAN UPDATE, 2001 PLANNING SUB-REGIONS LAND USE PANEL APPLICATION FORM	
I would like to be considered as a member of the land use panel for <u>Tucson Mountain area 3</u> Planning Sub-region where I live. I understand the commitment is to attend a series of at least four meetings during the time my sub-region plan is being updated.

served as a volunteer on the committee that took
public comment and made recommendations on several
county land use ordinances regarding native plants, buffer
zones and hillside/park development. I live and work in
Pima County and have a long term commitment to its future.

**PIMA COUNTY COMPREHENSIVE PLAN UPDATE, 2001
PLANNING SUB-REGIONS LAND USE PANEL
APPLICATION FORM**

I would like to be considered as a member of the land use panel for Section 3, Tucson Mountains Planning Sub-region where I live. I understand the commitment is to attend a series of at least four meetings during the time my sub-region plan is being updated.

Name: Robert O. Olson
Address: 5691 W. Placita Acanthilada
Tucson, AZ 85745-9537
Telephone: 743-3102 (Day time) Fax: _____
E-mail: SOROO@USWest.net

Nearest Major Cross Street: Tortolita

My Qualifications/interests that I believe will be a productive contribution to the panel are:

Preservation of land for the animals in this area
i.e. deer, fox, coyotes, lynx and a pair of nesting
great Horned owls. This section of about 650 acres
that may be developed soon, is probably the most beauti-
ful area in all Tucson with an abundance of Saguaros
Pala Verde, and deep washes with hills several hundred
ft. high.

Tucson, Az 85701

Re: Planning Sub-Regions Land Use Panel

Dear Sir,

I would very much like to serve as a representative for the Southwest Region on the Land Use Panel. I think that I can make a positive contribution due to three special perspectives that I would bring to the process.

1. I have lived seventeen of my twenty-three years in Pima County in the semi-rural area near Ajo and Kinney Roads. I made a special effort to move here so I could enjoy this compromise between living in a rural area and working in an urban area. I have watched the impact of growth (good and bad) in my neighborhood area. I have struggled within myself about keeping it more rural out here and also enjoying the convenience of the shopping centers moving closer to my home.
2. I have worked as a Child Protective Services social worker for the Arizona Department of Economic Security for the past twenty-three years. This has exposed me to the many economic and social situations in Pima County. This has made me aware of the many needs of Pima County residents for adequate jobs, housing, education, transportation, and other public and private services.
3. I have been a long-time member of the Arizona Sonora Desert Museum and the Tucson Audubon Society. As the chairperson for field trips for Tucson Audubon, I have introduced hundreds of county residents and out-of-town visitors to the special birds, plants, and natural habitats of Pima County. Being even more aware of the unique natural treasures of our area, I have again confronted the issue losing some of the natural resources to make room for additional roads, housing, and workplaces.

These three different perspectives have resulted in me trying to set priorities and find a balance in what areas need to be developed and what areas need to be preserved in their natural state.

Sincerely,

John G. Higgins CISW C-ASWCM

**PIMA COUNTY COMPREHENSIVE PLAN UPDATE, 2001
PLANNING SUB-REGIONS LAND USE PANEL

RE: Pima County Comprehensive Plan Update 2001

To Whom It May Concern:

Enclosed please find the completed application form as I am requesting to be considered as a member of the land use panel for **Southwest Planning Sub-Region** where I live. I have also enclosed a copy of my resume for additional background information in support of my request to serve on the Southwest Sub-Region Land Use Panel. I believe the combination of my education, work experience and participation on national, state and local committees support my ability to serve on the Southwest Planning Sub-Region Land Use Panel.

I appreciate your sincere review of my request and would appreciate the opportunity to serve in this capacity for our community. I can be reached during business normal hours at 740-5600 or at 908-9307 in the evening.

Sincerely,

David Smutzer

April 26, 2001
(520) 398-2469

Pima County Administrator's Office
c/o Sonoran Desert Conservation Plan and Comprehensive Land Use Plan
130 W. Congress, 10th Floor
Tucson, Arizona 85701

To whom it may concern:

I am hereby applying to become a member of the Land Use Panel of the Comprehensive Plan and the Sonoran Desert Conservation Plan. During the last comprehensive plan process I was a member of the CLUE panel for the area of the upper Santa Cruz basin in the Green Valley and Amado area. I would like to help further this process in Pima County.

As you may know, I have been an active member of the community and have spent a lot of time working with community members to learn their ideas and desires for the future of our area. I believe that I can represent their interests fairly and accurately.

The future of Pima County is going to be molded by the type of commitment, planning, and direction that we take today. I want to be a part of that process and preparation for a beautiful future.

Thank you in advance for your consideration.

Sincerely

Nancy L. Williams

Comprehensive Land Use Plan
130 West Congress, 10th Floor
Tucson, AZ 85701

April 24, 2001

Dear Sir/ Madame:

I would like to be considered as a member of the Land Use Panel for the Rincon Southeast/Santa Rita planning sub-region. I am enclosing the application form for your review.

I have been a property owner in this region for nearly 10 years and have an interest in the future development of the area. My background includes a degree in Soil Science and over a decade of work as an Environmental Scientist. In addition I have been member of the Davis Monthan Restoration Advisory Board since 1995.

As a resident of the Tucson area I am interested in all activities that may impact the quality of life we all currently enjoy and am concerned that future plans are not unduly impacted by special interest groups, political agendas or pure economics. As an individual not representing any particular group and not having a specific agenda I feel I could objectively offer input and advice on issues facing the planning committee.

We all need to become more active in our community and I would welcome the chance to participate in this important undertaking. Thank you for your consideration

Sincerely,

Jean E. Boyce

PATRICIA Y. GEHLEN

7157 East Paseo San Andres • Tucson, Arizona 85710 • (520) 721-8490

May 8, 2001

Dear County Board of Supervisors:

I would like to take a couple of moments to discuss my interest in and qualifications for the Planning Sub-region Land Use Panel for the 2001 Pima County Comprehensive Plan Update. Please consider this letter and application as my application package for this panel.

I have lived in the City of Tucson since May 1982 and consider this my home. I received a Masters of Public Administration with an emphasis in Natural Resource Policy in May 1995 from the University of Arizona. I have worked for the City of Tucson Planning Department and Development Services Department (DSD) for the past six (6) years. During this time I have gained extensive knowledge of the City of Tucson Land Use Code, the development and growth trends of the City, and the Development Standards. In addition, I have been a board member of the non-profit group Women for Sustainable Technologies of the past four (4) years and a member of the Citizens Advisory Board for the Broadway-Pantano Water Quality Assurance Revolving Fund Site since its inception more than a year ago.

As the above paragraph demonstrates, I am an active member of the Tucson community and care about how we grow, develop, and expand. I spend a great deal of my free time hiking and camping in the area and am concerned about the preservation of open space and use of our natural resources today and for future generations. I feel that my well rounded personal and professional lives would be an asset to the panel

I look forward to the opportunity to be a member of the panel for the 2001 Pima County Comprehensive Plan Update and feel I would make a positive contribution to the comprehensive plan.

Thank you,
Patricia Y. Gehlen

Telephone: 325-7228 (Day time) Fax: 325-7228
E-mail: fwerner@gsi-net.com

Nearest Major Cross Street: F+Lowell/Tucson Blvd

My Qualifications/Interests that I believe will be a productive contribution to the panel are:

Although I live within the city limits I am particularly interested in the future of subregions 6 and 3. We moved here in 1954 and watched development spread out over the valley with little regard for watersheds, riparian areas, topography or many of the valley's other special features. Ever since former Mayor Tom Murphy's announcement of his vision of development from mountain range to mountain range there has been a need for planning on a regional scale. For many years

I have participated in the planning efforts of both the Forest Service and the Bureau of Land Management. Most recently I have been involved in the five year effort to develop the comprehensive plan for the Empire-Cienega Conservation Area. What is done on the federal lands influences the surrounding lands and vice versa. Even though there are many land owners and managers in Pima County I believe it is possible to develop an updated Comprehensive Land Use Plan and a preferred alternative for the multi-species conservation plan. The county has developed an incredible amount of information to use in decision making. I would be happy to be an observer at the meetings for sub-regions three and six. KW
