

**PIMA COUNTY
BOARDS, COMMISSIONS AND COMMITTEES**

DESIGN REVIEW COMMITTEE

PURPOSE: To protect the character and desirable living conditions of surrounding areas through careful site planning that alleviates impacts of new development; to encourage site planning and building design that establishes a sensitive relationship both internally and between the elements of the site plan and contextual features of scenic, environmental, or cultural significance; and to promote roadway aesthetics.

AUTHORIZATION: Pima County Zoning Code Section 18.99.030.

MEMBERSHIP INFORMATION: 9, to include:

1. Planning and Development Services Director
2. Director, Transportation and Flood Control District
3. Chief Zoning Inspector
4. Architect appointed by the Board of Supervisors
5. Landscape architect appointed by the Board
6. Civil Engineer or Land Planner appointed by the Board
7. Person experienced in residential and commercial property development, appointed by the Board
8. Person representing homeowners' association in the community at-large, appointed by the Board
9. Person representing all affected homeowners' association(s) of a specific development proposal, approved by such association(s) for review of that proposal only. In review of historic zone development, a member of the applicable Historic District Advisory Board will fill this position.
