

BIOFUELS SEMINAR

October 31, 2002

Evaluation Results

Attendees: 76 Total

Evaluations: 54 Turned In

Question	4 = Very Good	3 = Good	2 = Average	1=Poor
Overall usefulness of this workshop	28	21	5	
Overall effectiveness of the presenters:				
Rich Hiatt, ASU Graduate Student	26	26	1	1
Graham Noyes, World Energy Alternatives, LLC	21	25	7	
Dr. K. Shaine Tyson, National Renewable Energy Lab	32	19	3	
William Sheaffer, Southern States Power Co.	23	27	2	
Todd Sneller – NEVC	16	25	5	
Seminar Structure	24	27	1	
Panel Discussions	19	25	9	
Time allowed for questions and answers	15	32	6	1
Location of workshop (geographical)	30	19	3	
Facility/Room	26	18	2	

Comments:

This was very informative
Great job – very informative
Well Done – thanks to the presenters and the support team
Good Job
Excellent
Given the short time period this was one of the best biodiesel seminars I have attended
Good Seminar, I learned a lot
Make them longer
Start later in the day – Move north
Thanks for the information
Presenter should stick to the time line
Excellent and informative would attend any environmental seminar available
Very good overall – maybe bring in some vehicle manufacturers to discuss future vehicles planned
Some duplication of information
GREAT!

What was the most useful information you heard today:

Cleaner better for everyone's life
The cleanness of the use for Biofuels
Ecological reasons
Dr. Tyson's research
Air Quality benefit details
TUSD projection by Rich Hiatt
No EPA regulations for Biodiesel 100 if spilled
Presentation by Shane Tyson
The whole thing
No new infrastructure needed

Continued:

What was the most useful information you heard today:

- Contacts
- Health benefits: incentives
- Cost/use analysis
- Dr. K, some of her information
- That B-20 was available on state contract
- The guy who was making his own mix
- Overall understanding of Biodiesel
- Future impact
- Ease of adding B20 to actual use
- Benefits of using biofuels to improve air quality and clean engines
- The fact that biodiesel can be used without much if any engine modification
- Dr. Tyson's speech
- Clean air; get to talk to others about biofuels
- Biodiesel effects on environment
- Health issues
- Terminology
- Toxicity data
- Cost and emissions
- The idea for B5 implementation

Would you consider using Biofuels after today's seminar?

Yes - 32 Possibly - 1 Already do - 2

If the state will approve purchase of biodiesel vehicles for transit

What other topics would you like to see covered in future workshops?

- Would like more on ethanol situation
- Emission Credits
- Where are we headed
- New laws and funding
- How to make BD
- More testing statistics
- More on the home brew biofuel
- CNG fuel site maintenance
- Economic incentives (if ever) to use biofuels
- Health, health, health

How did you hear about this workshop? (please circle)

Email – 14 Letter – 12 Internet/Web – 7 Other Rocky Mountain Fleet - 4
Clean Cities - 2
