Assists in directing proposed legislation, health codes, ordinances and laws and recommends their adoption before legislative bodies and advisory committees;
Attends meetings and conferences;
Writes reports and gives lectures, to include conduct of medical/dental training of medical/dental students/interns.
May serve as department director in the absence of the director.

KNOWLEDGE & SKILLS:

Knowledge of:

- medical/dental trends, practices and methodologies for providing patient assessment, care and treatment;
- public health and/or medical services programs, functions and services;
- principles and practices of public health and/or medical/dental services administration;
- federal and state laws, programs, and preventive medicine;
- principles and practices of budgeting and organizational design.

Skill in:

- initiating, coordinating and directing public health and/or health care programs, services and functions;
- assessment and treatment of patients, per standards of medical/dental practices and procedures and legal and other regulatory requirements;
- evaluating and solving complex public and/or institutional health problems;
- establishing and maintaining a leadership role in the field of public health and/or medical/dental services and in the provision of health care services within the community.

DESIRED QUALIFICATIONS:

Chief Medical Officer-Public Health: Graduation from an accredited school of medicine as a Medical Doctor (M.D.) or Doctor of Osteopathy (D.O.), completion of internship and residency in public health or preventive medicine and six years of professional medical experience in public health programs.

(Additional relevant education from an accredited college or university may substitute for a portion of the aforementioned experience)

Chief Medical Officer-Corrections: Graduation from an accredited school of medicine as a Medical Doctor (M.D.) or Doctor of Osteopathy (D.O.), completion of an approved internship and residency and six years of professional medical experience.

(Additional relevant education from an accredited college or university may substitute for a portion of the aforementioned experience)

Physician: Graduation from an accredited school of medicine as a Medical Doctor (M.D.) or Doctor of Osteopathy (D.O.), completion of an approved internship and residency and six years of professional medical experience. See Special Notice Items for non-licensed Residents.

(Additional relevant education from an accredited college or university may substitute for a portion of the aforementioned experience)

Dentist: Graduation from an accredited school of dentistry as a Doctor of Dental Medicine (D.M.D) or Doctor of Dental Surgery (D.D.S). See Special Notice Items for non-licensed Residents.

Physician/Dentist Resident: Current enrollment in an accredited medical or dental school, and subject to the terms of a residency program.

OTHER REQUIREMENTS:

Licenses and Certificates: Possession of a current license to practice medicine as a Medical Doctor (M.D.), Doctor of Dental Medicine (D.M.D.) or Doctor of Dental Surgery (D.D.S.) or Doctor of Osteopathy (D.O.) in the State of Arizona is required at the time of appointment and must be maintained as a condition of employment. Failure to maintain the required license will be grounds for termination. **See Special Notice Items for non-licensed Residents.**

Special Notice Items: Department of Labor regulations CFR Part 1910.1030 requires notification that positions within this classification may have a high risk of exposure to communicable diseases. Hepatitis B vaccine will be provided. Positions assigned to the Pima County Sheriff's Department require the successful completion of a background investigation due to need for access to law enforcement, detention and/or correctional facilities or associated confidential information, documents and like material. Some positions may be filled by non-licensed Resident Physicians/Dentists and at the discretion of the appointing authority, will be paid at a rate commensurate with other Residents in comparable hospital/medical/dental schools. Residents appointed under this program must be under the continuing direct supervision of fully-licensed physicians/dentists.

Physical/Sensory Requirements: Physical and sensory abilities will be determined by position.

This classification specification is intended to indicate the basic nature of positions allocated to the classification and examples of typical duties that may be assigned. It does not imply that all positions within the classification perform all of the duties listed, nor does it necessarily list all possible duties that may be assigned.
