**Re: Roger Road Wastewater Treatment Plant (WWTP)  
Type 2 Class B Reclaimed Water General Permit, File No. R105471**

Dear Mr. McMillan,

The Arizona Department of Environmental Quality has processed your application for a Class B Type 2 Reclaimed Water General Permit for the Roger Road WWTP for various beneficial uses within the boundaries of the WWTP site. Allowable uses at permit issuance include dust control, landscape irrigation, and duck ponds. Enclosed please find the Notice of Recording. This authorization to operate under the reclaimed water rules will expire on April 20, 2009. If you wish to continue to use reclaimed water under this authorization beyond that date, you must submit a Notice of Intent at least 90 days prior to expiration (by January 20, 2009).

If you have any questions please feel free to give me a call at (800) 234-5677 ext. 771-4743 or at (602) 771-4743.

Sincerely,

Matthew Hodge, Project Manager & Reuse Coordinator  
Wastewater, Recharge, & Reuse Unit

ARIZONA DEPARTMENT OF ENVIRONMENTAL QUALITY  
NOTICE OF RECORDING OF  
TYPE 2 RECLAIMED WATER GENERAL PERMIT - CLASS B

MWR04:0296

Inv. No.: R105471  
LTF#: 32692  
USAS No.: 100078-02

**Permittee:**

Pima County Wastewater Management Department  
Byron McMillan, Environmental Affairs Manager  
7101 N. Casa Grande Highway  
Tucson, AZ 85743

**Reuse Site Name:**

Roger Road Wastewater Treatment Plant

**Sewage Treatment Facility Name:**

Roger Road Wastewater Treatment Plant. Aquifer Protection Permit (APP) # 100655

ADEQ's findings are as follows:

- The Water Permits Section of the Arizona Department of Environmental Quality (ADEQ) has received a Notice of Intent (NOI) on April 20, 2004 for a Type 2 Reclaimed Water General Permit for Class B Reclaimed Water.
- The permittee, Pima County Wastewater Management Department, **IS AUTHORIZED** to directly reuse reclaimed water according to information supplied in the NOI and supplemental documentation under the terms of the general permit. This authorization is recorded as No. **R105471**. The permittee must comply with requirements specified in A.A.C. R18-9-701 to R18-9-704, R18-9-708(B), R18-9-709, and R18-9-712. This authorization expires **FIVE (5) YEARS** from the date ADEQ considered your NOI to be complete, or **April 20, 2009**. The permittee may renew this general permit authorization by submitting a new NOI at least 90 days before the expiration date (see A.A.C. R18-9-709(A)).

This authorization can be revoked and an individual permit required in the event the permittee fails to comply with the terms of the general permit described in the rules, or if the reuse activity causes or contributes to or has the potential to cause or contribute to the violation of an Aquifer Water Quality Standard.

  
Michele Robertson, Manager  
Water Permits Section  
Water Quality Division
